About Our Facility: We are a newly constructed 50-acre horse farm located in Lisbon Maine. Our luxury 16 stall stable was constructed in 2019, it is insulated to hold warmer temps in the winter as well as cooler temps in the summer. Stalls are equipped with memory foam Hay Gain Comfort Stall mats. We offer 2 wash stalls equipped with hot & cold water, 2 tack rooms, a large kitchen and lounge area, bathroom & laundry, as well as a fully equipped gym in our air heated viewing room. Our indoor arena is 105x200 with GGT footing, this building is also insulated and heated.

We offer a variety of pasture options: large group grass pastures, medium individual grass pastures and small individual gravel pastures.

In 2021 we finished construction on two outdoor arenas. Our large show ring is 150x300, and our small ring is 85x175. Both arenas have GGT footing as well as irrigation to keep the footing at its best moisture content for its best performance.

We pride ourselves on offering the best care for all varieties of performance horses among different disciplines.
